MEMO TO MEMBERS OF THE USAF SCIENTIFIC ADVISORY BOARD GEOPHYSICS PANEL

SUBJECT: Itinerary and Agenda for 27-29 May 1963 Panel Meeting

1. Please note that the Geophysics Panel meeting initially planned for mid-May has now been rescheduled for Monday thru Wednesday 27, 28, 29 May 1963.

2. The proposed itinerary and agenda are as follows:

a. Monday, 27 May 1963 Rendezvous at Antlers Hotel, Colorado Springs at 8:15 AM, travel to NORAD Hq. Command and Operational briefings on NORAD and ADC in the morning and visit Cheyenne Mountain in the afternoon.

b. Tuesday, 28 May 1963 (1) Three hour morning Executive Session at NORAD Hq to discuss the material developed as a result of our recent visit to Alaska. (2) A drive by the USAF Air Force Academy enroute to (3) the Denver area to inspect an operational Titan site at Lowry AFB. (Remain overnight at Lowry AFB).

c. Wednesday, 29 May 1963 Proceed to the National Center for Atmospheric Research (NCAR) at Boulder, Colorado (9:00 AM to 3:30 PM), departing for home by commercial air from Denver at approximately 5:00 PM.

3. Please advise the SAB Secretariat at your earliest convenience of your availability for this meeting and your travel arrangements. A questionnaire and self-addressed envelope is enclosed for this purpose.
